TRAVEL TO THE SUMMIT

For those traveling by air, Crown Point is located 1.25 hours south/southeast of either Chicago Airport (O'Hare or Midway) and approximately 2.25 hours north/northwest of the Indianapolis Airport. We recommend renting a car from any of those three locations.

TRAVEL AT THE SUMMIT

The Summit is not taking place at one single location. Rather, in celebration of small town communities, we are utilizing the varied resources and venues available to us around Crown Point. Participants will be responsible for getting themselves from place-to-place. Please enter into your preferred mobile device app (Waze, Apple or Google Maps) the addresses built into the itinerary above. You will find everything is easily drivable.

ATTIRE

Dress is Casual/Business Casual.

Several of our evening functions will be taking place out of doors so please come prepared for cooler Fall weather. In late September, the temperature in Crown Point typically ranges from 52°F to 69°F and is rarely below 40°F or above 82°F.

On Tuesday afternoon, upon arrival, the program showcase will provide opportunities for active play, so we encourage wearing comfortable active wear and appropriate shoes. Shorts, leggings, athletic wear are all appropriate and recommended for the afternoon. There are, of course, changing facilities at the Southlake YMCA.

On Tuesday Evening, our social, dinner, and program will all be taking place under a pavilion but in an open air environment. Please bring a jacket.

On Wednesday evening, we will be at the **DESIGN BARN**, **Mixdesign's** one-of-a-kind showcase and special event venue. This will be an indoor/outdoor event. Bring a jacket and wear your dancing shoes!
